MAYOR'S INAUGURAL ADDRESS

During the past year more interest in civic affairs has been created with a resultant better community spirit being aroused. I congratulate the citizens of Kingston upon their choice of a most excellent Council and likewise congratulate you gentlemen upon your election for the year 1939.

For the past three years each successive Council has been engaged in the reorganization and improvement of civic services. Many changes have occurred to attain and maintain these improvements but much has still to be done. It is for you gentlemen to man the ship and help to steer it to the ideal of perfection for the benefit of the citizens of Kingston. You must not fail in this duty.

You will be given a copy of the Rules of Order governing procedure in Council. It is my duty to obey these rules and to see that each and every one of you do likewise. I would therefore request that you familiarize yourselves with these rules, that the business of Council be conducted in order and as harmoniously as possible.

You will presently elect the Standing Committees of Council. May I suggest that each Committee consider its estimates for the year as early as possible so that the budget will not be delayed for presentation by the end of February. The tax rate has been reduced 2 mills in each of the past two years and we should expect an equal reduction at least this year.

It is gratifying to note that Kingston has been included in the itinerary of their Majesties the King and Queen for which the Hon. Norman McLeod Rogers is to be commended for his fine co-operation in this respect. The Finance Committee will be asked to provide for this event in the budget.

May I at this time also ask that those organizations who receive grants from the city make their requests in writing as early as possible, that those accepted may be included in the budget.

It has been the policy of last year's Council and former Councils to seek the co-operation of other boards, commissions and councils. May this policy continue for the betterment of our city and the country at large.

One of our greatest problems is that of unemployment and relief, which is administered by a Social Welfare Board composed of four members of Council and four other citizens. This Board feels that the "dole" is not the solution of this problem and that work alone will remove the distressing conditions and restore the morale of the unemployed. What can we do about this?

The quarters occupied by the Welfare Department are not suitable for this purpose and adequate accommodation should be arranged elsewhere in the city buildings. This is receiving attention at present and recommendations will be made to Council later.

The several Committees have their various works to perform and I am sure that each and every one of you will consider every question on its merits and arrive at a just solution in all cases in the interests of the City of Kingston.

I extend to you best wishes for a successful and Happy New Year.

REVENUE 1939

Rents—No comment.

Licenses—The decrease in the anticipated Revenue from Licenses is due most particularly to the reduction in the fee for cigarette and tobacco licenses, from that of $20 in 1938 to $15 in 1939.

Other Revenue—The decrease in the anticipated Revenue of slightly more than $1100 is accounted for by an estimated reduction in the profits of the Water Department of $1000, and an estimated reduction in Miscellaneous Revenue of $610, which is off-set by the increased receipts from the City Coach Co. of nearly $435.00.

Taxes 1939—Notwithstanding that the Assessment for 1939 shows an increase over that of 1938 of slightly less than $233,000, a reduction in the mill rate from that of 1938 of 43 mills to that of 1939 of 41 mills will mean a decrease in taxes levied close to $29,000.

The provision for exemptions, remissions, uncollectible and refunds has been reduced from $55,000 in 1938 to $45,000 in 1939. This reduction is determined from a careful analysis made by the City Treasurer and the City Auditor and of the reserve now on the books of the City amounting to $67,623.52, which is slightly more than 37% of the taxes in arrears of $181,574.67 as at Dec. 31st, 1938.

Special Assessments—The reduction in the Local Improvement Tax of nearly $7,100 in 1939 as against that of 1938 is accounted for by the debt having matured for this purpose.

As in 1938 the anticipated Revenue for the collection and disposal of garbage in 1939 is estimated at 70/100 of a mill. As shown in the statement of estimated expenditure for 1939 provision has been made in this rate to apply $4,250 against the cost of the new incinerator, the new garbage trucks and the sewer work, etc., which were purchased and installed during 1938.

The remaining "Special Assessments" are usual.

EXPENDITURES 1939

In keeping with the Budget for 1938 the estimated as well as the actual expenditures for 1938, together with the estimated expenditure for 1939 are shown.

Before commenting on the various Committees' estimated expenditures the following "Uncontrollable" and "Controllable" expenditures are illustrated:—

Traffic and Safety		1,500.00
Board of Health		5,900.00
		$225,848.24

Uncontrollable Expenditure—

It will be noted from the foregoing figures that the present City Council really controls only 24.9% of the gross estimated expenditures of the City for the year 1939.

The uncontrollable figure of $681,441.76 or more than 75.1% of the gross estimated expenditure is made up of provision for the liquidation of the debenture debt of the City as at Jan. 1st, 1939, the estimated requirements by outside Boards, elected by the citizens or by appointment, and statutory or previously arranged amounts over all of which the present City Council has little or no jurisdiction.

Controllable Expenditure—

Finance and Accounts—Administrative. No comment.

Board of Works—The increase in the Board of Works of slightly more than $3,500 over the actual expenditure for 1938 is due most particularly to the heavy costs borne by the Board for clearing the streets of snow during the months of January and February this year.

Garbage Collection—Provided for by Special Assessment.

Fire and Light—No comment.

City Property and Markets—No comment.

Parks—The increase of approximately $850 is largely accounted for by making provision for the repairing of the roadway running in a westerly direction from the Murney Tower in Macdonald Park.

Social Welfare—The increase of approximately $1,725 in the Administration costs is made up of provision for an Assistant to the Welfare Officer and wages for temporary clerical assistance made necessary due to the increase in the Relief rolls.

Your Social Welfare Committee asked that a provision of $40,000 be made in the Budget as the City's share for Direct Relief for 1939. Notwithstanding the Federal and Provincial Governments will contribute 80% of the gross cost of Relief from April 1st, 1939, the resulting benefit accruing to the City will be more than offset by the relief costs of the first three months of 1939, which have been heavier than they have been for some years. The reduction in the debt charges for direct relief of nearly $25,700 is reflected in the reduction of the tax rate for this year.

Traffic and Safety—No comment.

Board of Health—The increase of slightly more than $2,750 is nearly all additional salaries expense, as 1939 will be the first year that the City has had a full time Medical Health Officer throughout the year, a Sanitary Inspector and in addition it is anticipated that monies must be provided for Public Health nursing.

It was explained to Council that there were two methods by which the work could be proceeded with, either by mandatory order issued by the Department of Health, Toronto, upon the application of the City Council, or upon a favorable vote of the electorate. If, however, an unfavorable vote was given by the electorate the Department of Health, Toronto, were empowered by Provincial statute to issue the mandatory order if it was considered advisable to do so.

To properly review the visit of Their Majesties to Kingston an outline of the official itinerary must be given. Their Majesties left Portsmouth, England, on Saturday, May 6th, aboard the S.S. Empress of Australia and were to arrive in the City of Quebec on Monday, May 15th. After spending the day of the 15th in Quebec, they were to proceed, after a short stay in Three Rivers en route, to Montreal for the day of the 16th, and thence to Ottawa for the days of May 17th, 18th, 19th and 20th. On leaving Ottawa they would proceed to Kingston, where it was expected they would arrive at 10.00 a.m. and leave at 6.30 p.m. on Sunday, May 21st. After leaving Kingston, Toronto, Fort William, Port Arthur were to be visited, Their Majesties arriving in Winnipeg on Wednesday, May 24th, where an Empire Broadcast by His Majesty had been arranged.

In anticipation of the eight and one-half hour visit of Their Majesties to Kingston, the Royal Visit Committee and sub-committee were formed under the general chairmanship of His Worship Mayor H. A. Stewart, with Alderman H. Stethem as secretary. Those forming the Royal Visit Committee were as follows:—

Mayor H. A. Stewart, General Chairman.
Alderman H. Stethem, Secretary.
Mr. W. Y. Mills, Chairman Decorations sub-committee.
Mr. F. R. Baldwin, Chairman School Children's committee.
Alderman W. O. Dwyer, Chairman Transportation sub-committee.
Alderman A. E. Ross, Chairman First Aid, Sanitation and Health sub-committee.
Hon. T. A. Kidd, M.P.P., Chairman Visitors' sub-committee.
Alderman W. S. Stabler, Chairman Construction sub-committee.
Hon. W. F. Nickle, K.C., Chairman Divine Service sub-committee.
Chief Constable Robinson, Chairman Traffic, Safety, Police and Parking sub-committee.
Mr. Alex. Sorgat, Chairman War Veterans sub-committee.
Major General C. F. Constantine, D.S.O., Chairman Military sub-committee.
Hon. Norman McL. Rogers.
Dr. R. C. Wallace.
Mr. T. J. Rigney, K.C.
Brigadier H. Crerar.
Mr. J. Halliday.
Dr. J. L. Walsh.
Mr. Reg. Crawford.
Mr. J. M. Hughes.
Alderman Langdon.
Alderman McGlashon.
Alderman Tugwood.
Alderman Vrooman.

In that the visit to Kingston was to be on a Sunday it was expected that close to 100,000 people would be here, coming from not only the surrounding countryside but also from northern New York State. To accommodate these people, extensive arrangements were made for their housing, feeding, sanitation, and the segregation of areas for certain municipalities, etc. In addition, arrangements had to be made for the holding of a divine service at Fort Henry, and the seating of some 12,000 children of public school age at

Queen's University Stadium, the decoration of public buildings and of the streets on the route of procession.

As Their Majesties neared Canada dense foggy weather and icebergs were encountered, which resulted in a two-day delay, so that instead of docking at the City of Quebec on Monday, May 15, they did not reach that city until Wednesday, May 17. As it was necessary that Their Majesties reach Winnipeg on Wednesday, May 24, for the Empire broadcast, their original programme had to be curtailed. His Majesty expressed his desire to carry out as fully as possible the original programme of events arranged for the visit to the national capital. This decision and the necessity of moving forward the dedication of the National War Memorial to Sunday morning threatened, for a time, the complete cancellation of the Royal Visit to Kingston. Cancellation of the visit to Kingston had, in fact, been approved by Government House and the staff of His Majesty on the Empress of Australia, with the remote possibility of a later stop at Kingston following the return of Their Majesties from the United States. Through the intervention of the Prime Minister at the insistence of Honourable Norman McL. Rogers and the Kingston Committee, and with the co-operation of the inter-departmental Committee, the cancellation of the Kingston visit was reconsidered and it was arranged that Their Majesties would proceed to Kingston as soon as possible after the conclusion of the National Memorial Service in Ottawa, the route followed being that originally scheduled via Cornwall and Brockville. As a result of further efforts by the Federal Member for Kingston and the Committee, the period of the visit to Kingston was extended from thirty-five minutes to an hour and a quarter, this making possible the retention of practically the complete route of procession which had been arranged under the original plan for the Royal Visit.

The reduction of the time of the visit from that originally planned of eight and one-half hours to only thirty-five minutes did not materially affect the arrangements proceeded with as these were in their final stages but it did affect the number of those who intended to view Their Majeesties in Kingston as it has been estimated that only 50,000 from outside the City attended the visit.

Their Majesties King George VI and Queen Elizabeth arrived at the Canadian National station, Kingston, on Sunday May 21st, at 7.45 p.m., and His Worship Mayor H. A. Stewart and Mrs. Stewart were introduced to Their Majesties by the Honourable Mr. Mackenzie King, Prime Minister of Canada.

Her Majesty graciously accepted a bouquet of flowers presented on behalf of the citizens of Kingston by Mrs. H. A. Stewart.

The Royal Party then entered their motor cars and proceeded over the following route:—

Montreal Street, James Street, Pine Street, Alfred Street, Mack Street, Frontenac Street, Brock Street, Barrie Street, Johnson Street (past Archbishop's Palace and St. Mary's Cathedral, R.C.), past Hotel Dieu Hospital, Sydenham Street, Court Street (past County Court House), Barrie Street, Stuart Street, past Kingston General Hospital and skirting Queen's University, University Avenue, Union Street, Alfred Street to Richardson Memorial Stadium where track was circled. Leaving by Alfred Street gate, Union Street, Ellerbeck Street (first view of eastern end of Lake Ontario), King Street, Markeet St., Ontario St., past Fort Frontenac (Barracks of Royal Canadian Artillery) to LaSalle Causeway, across Great Cataraqui River, Highway No. 2 (past R.M.C. Memorial Arch) to Fort Road, up Fort Road taking left-hand road encircling Fort Henry and entering the Fort by eastern gate, passing through and out of western gate, down Fort Road to No. 2 Highway and to R.M.C. From Royal Military College via the LaSalle Causeway, Ontario Street, Princess Street, Montreal Street to railway station.

On Their Majesties' return to the Canadian National Railway station, Kingston, the following were presented, being introduced by His Worship the Mayor:—

UNFINISHED BUSINESS

Ald. Curtis outlined the developments to date re a Municipal Airport for the City of Kingston to conform to the standards as determined by the Department of Transport, Ottawa.

Ald. Dalton commended the clear and concise manner in which the City Auditor's Report for the year ending Dec. 31st, 1938, had been prepared.

Ald. McGlashon asked if any action had been taken re a bus service in the west end of the city and Ald. Curtis replied that his Committee is still waiting for a definite proposal from the Bus Company.

Ald. Nickle in referring to the rebate cheque received from the Public Utilities Commission on account of street lighting for 1938 in the amount of $2,623.45 stated that the cost of street lighting in 1938 was $600 less than that in 1915, notwithstanding there had been an 80% increase in the number of street lights and spoke of the gratification this must give Ald. Ross who about thirty-one years ago fought against the Seymour interests from coming into Kingston which might have prevented the City of Kingston from benefiting from the use of Hydro Electric Power.

Ald. Nickle stated that 60% of the containers used by the citizens for holding garbage were not in accordance with the By-law provisions in that many of them had not covers resulting in a lot of water getting into the garbage, which made it exceedingly difficult to burn the same, and that a lot of other rubbish that cannot be burned was put out by the citizens for the garbage collectors to take away.
